

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nerve and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nerve."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

ARBITRATION

Proposed by Spanish Peace Commissioners on Certain Points of the Protocol.

GEN. SHAFTER'S ORDERS

Responsible For Insufficient Number of Wagons at Santiago, and For Cooking Utensils and Camp Equipment Not Being Sent Forward From Daiquiri.

Paris, Nov. 17.—In signifying their willingness to submit the Philippine article of the protocol to a third party for construction, the Spanish commissioners urged yesterday that, as there is obviously a difference of opinion regarding the phrase "the control, disposition and government of the Philippines," possibly the result of a misunderstanding, the Spaniards should no more be asked to surrender their view than the Americans to surrender theirs.

The memorandum points out that a deadlock exists which might be broken by arbitration on the contending views, to which the Spanish commissioners are quite ready to submit.

It is safe to say that the American commissioners will not consent to invoke exterior aid to construe the terms of their own protocol.

COLONEL JACOBS' VIEWS.

Animated Episode Developed Before the War Investigators.

Washington, Nov. 17.—Colonel J. W. Jacobs, who was chief quartermaster of the Fifth corps at Tampa and in Cuba, testified before the war investigating commission yesterday. Replying to a question from Governor Beaver he pronounced the embarkation of troops a haphazard affair—"decidedly so."

There was a great deficiency in provisions, he thought, for disembarkation, only two lighters being provided and one of them was lost on the way over. Colonel Jacobs had charge of the transportation facilities at Santiago and he expressed the opinion that there were not a sufficient number of wagons. He thought there should have been at least one wagon to each troop or company in addition to those at headquarters. General Shafter's first order had been to take only 50 wagons. When General Miles went to Tampa he doubled the number, but even this order did not secure a sufficient number. He knew no reason for not sending more except that there was no means of getting them from Tampa to Santiago.

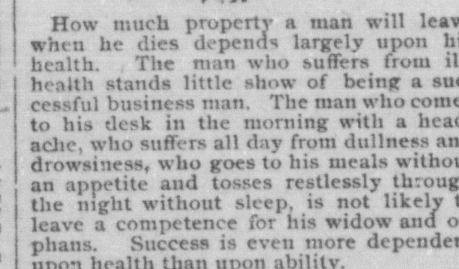

General McCook developed a quite animated episode by asking if there were any reason why the cooking utensils and camp equipment of the troops should not have been forwarded from Daiquiri to the troops in the field.

"There was no reason," Colonel Jacobs replied, "except that General Shafter's order forbade it."

Continuing, he said that the order was most positive. It did not specify what should not be forwarded, but was most specific in providing that only forage and rations should be forwarded.

General Shafter's orders to this effect were written and the general had given him strict verbal instructions to see that the orders were observed. The food had been sent to the front cooked, but he thought the men should have had some facilities for cooking. The order had never been changed during the month he remained at Daiquiri.

Dr. Conner asked whether orders had been given to leave all the hospital equipments behind at Tampa, and Colonel Jacobs responded that it was his impression such was the case. He had personal knowledge that General Shafter had given such an order concerning the ambulances.

How much property a man will leave when he dies depends largely upon his health. The man who suffers from ill-health stands little show of being a successful business man. The man who comes to his desk in the morning with a headache, who suffers all day from dullness and drowsiness, who goes to his meals without an appetite and tosses restlessly through the night without sleep, is not likely to leave a competence for his widow and orphans. Success is even more dependent upon health than upon ability. Few men realize these truths. They think that everything can be accomplished by work, and that health is a secondary consideration. Work is useless unless it is good work, and good work is never done save by a thoroughly healthy man. Dr. Pierce's Golden Medical Discovery is the best of all health restorers and health preservers. It makes the stomach strong and active. It sends a man to his meals thoroughly hungry every time. It facilitates the flow of digestive juices and makes assimilation perfect. It invigorates the liver. It purifies the blood and fills it with the life-giving elements of the food. It is the great blood-maker and flesh-builder. It tears down inert, half-dead tissues and builds new, firm, muscular flesh. It does not build flabby fat like cod liver oil and does not make people more corpulent. Mr. John Brooks, of Boylston, Mass., writes: "I write to tell you of the great benefit I have received from Dr. Pierce's Golden Medical Discovery. I was taken with a bad cold which settled on my lungs. The doctors said I was in consumption and could not get well. I took Cod Liver Oil and it did me no good. After taking four months of your 'Golden Medical Discovery' it saved my life."

"It was expected that there would be an engagement, was it not?" asked the doctor.

"Certainly," responded the colonel. "We went down there to fight."

"Then should there not have been some provision for taking care of the wounded?"

"I should say that these things should have been taken along."

"Then," continued Dr. Conner, "the medical department was left in the air and the quartermaster's department is responsible?"

"The quartermaster's department could not have been responsible. We were acting under orders. I will swear that General Shafter told me not to take the ambulances, though I do not recall that there were any distinct orders in regard to hospital equipments."

Colonel Jacobs expressed the opinion that the condition at Tampa was due to the fact that the increased business was beyond the capacity of the railroad running into Tampa.

San Luis Affair Unimportant.

Washington, Nov. 17.—General Wood, military governor of Santiago de Cuba, sent the following telegram to the war department last night:

Affair reported by newspapers at San Luis not important. Row between drunken negro soldiers and Cuban police. Soldiers in the wrong. Will be detected and punished. Their camps have been ordered moved greater distance from town. General Ewer instructed to take most rigid measures to insure absolute quiet in future.

End of Camp Meade.

Camp Meade, Pa., Nov. 17.—The end of Camp Meade will be reached today, when General Young, commander of the Second corps, leaves for Augusta, Ga. A detail of about 100 soldiers will be left behind. They are from the various regiments and will look after personal supplies left behind.

CAROLINE ISLANDS.

One of the Group Is Wanted by the United States.

Washington, Nov. 17.—The acquisition of an island in the Caroline group, owned by Spain, will be part of the work of the Paris peace commission. Cable communication between the United States and Manila, via Honolulu, is regarded as desirable should we occupy the islands, and the distance between Honolulu and Guam island, in the Ladrone group, is so great as to make an intermediary station necessary. Officials believe that one of the Caroline islands will be useful as such intermediary station. The acquisition of either of two of the Caroline islands which are considered suitable for a cable station would involve a money consideration and the United States will pay Spain a reasonable price for its relinquishment.

Blanco Is Sorry.

Madrid, Nov. 17.—Captain General Blanco, in a letter to Senator Tinado, says: "The keenest sorrow of my life is surrendering Cuba, with an army of 150,000 men and 200 guns, to an enemy who claims to have conquered Cuba while we are possessed of such resources."

Admiral Schley Ordered Home.

Washington, Nov. 17.—An order was issued from the navy department yesterday detaching Rear Admiral W. S. Schley from duty with the Porto Rican evacuation commission, and ordering him home to await further orders.

Has No Money.

State School Board Without Funds to Advertise For School Book Bids.

Indianapolis, Nov. 17.—The state board of education yesterday talked of advertising for bids for arithmetics, readers and copybooks, the contract to run five years. The contract with the Indiana School Book company expires next March. They were informed by the auditor of state that there was no money to their credit for advertising purposes. When the contract was let before there was an appropriation of \$1,000 with which to seek bids, but the auditor holds that the appropriation was not a continuous one. Without the money, members of the board say, they can do nothing.

The attorney general has been asked to give an opinion as to whether the appropriation is continuous. Members of the board say that there will be a spirited contest when the contract is awarded again, as numerous publishing houses are anxious to secure it.

The Farmers' Congress.

Next Annual Meeting of the National Organization.

Chicago, Nov. 17.—The next annual meeting of the Farmers' National congress will be held at Fort Worth, Tex., Dec. 6-14. The railroads have made a low rate and a large attendance is expected. Each agricultural college, experimental station, national or state society fostering any agricultural interest is entitled to a delegate. Secretary John M. Stahl of Chicago says there will be a corn carnival where 100 products of corn will be shown; also an exhibition of farm machinery and of southern farm products, besides a rough riding and roping contest in which Texas cowboys will take part. Men of national reputation from all parts of the country will participate in the proceedings of the congress.

Took Their Furs.

Chicago Society Women Would Like to Find Walter A. Staltman.

Chicago, Nov. 17.—The whereabouts of Walter A. Staltman, for years a furrier in this city, is an object of much interest to a large number of society women and they have invoked the aid of the police in their effort to locate him. It is claimed that he has disposed of large quantities of furs which were brought to him by the women for repairs and for storage during the warm months. The value of the missing furs

Hart, for auditor, received a majority over all competitors of 840. Levy, for treasurer, has a majority of 432. Hunt did not get a majority, lacking 689 votes.

Watts' Shortage.

Marion, Ind., Nov. 17.—The bondsmen of ex-City Clerk Watts assert that they are not liable for the shortage because the money embezzled was not taken while performing his duties as clerk, but was money collected on licenses, which he had no authority to handle, this duty being conferred upon him by the finance committee of the city council, outside of his regular work. It is alleged Watts began his peculations within six days after taking office and kept it up to within three days of his retirement.

SUICIDE

President of an Emporia Bank Shoots Himself to Avoid Disgrace.

BANK'S DOORS ARE CLOSED

By Order of the Controller—Cross Was a Stock Breeder and Known All Over the Country—Speculation Believed to Have Been the Cause of His Troubles.

Emporia, Kan., Nov. 17.—The First National bank of Emporia was closed by order of the controller of the treasury yesterday afternoon. An hour later Charles S. Cross, the bank's president and one of the best known breeders of Herefords in the west, shot and killed himself at "Sunny Slope," his famous stock farm near town.

Speculation is said to have led to Cross' downfall. His fortune has doubtless gone down with the bank. Among the heavy losers by the failure are Lyon county and the city of Emporia. All the city and county funds were deposited in the institution. Cross was also said to be in a wrecked condition. Cross' ending was tragic. To the majority of the people of the town the controller's card in the doors of the bank came as a surprise, but in financial circles, both here and in the state, the result has been anticipated for six months.

Examiner Charles Jobs, who closed the bank on order from the comptroller, has been going over its books with the aid of President Cross for the past week. No signs of mental agitation on the part of the bank president had been displayed, and when Cross left the bank, 10 minutes before it closed, he waved his hand pleasantly to all his associates and seemed no different than usual. There was a smile on his face as he passed his friends on the street. He went immediately to see Sunny Slope farm and, speaking pleasantly to the employees, passed into the bedroom of Manager Evans' house. When he did not come out Evans entered the room. He found Banker Cross lying in a pool of blood, with a pistol in his hand. One shot had been fired and it went through the back of the head. Death must have been instantaneous.

The news of the suicide was on the streets of Emporia a few minutes after the white card appeared upon the bank door and created an intense sensation.

The bank's statement has been growing bad, first causing comment last May. The statement issued on Sept. 20 last did not materially improve. Small withdrawals of deposits resulted, but most of the business men kept faith in the bank, and up to 10 o'clock yesterday heavy deposits were made.

The last statement issued showed: Liabilities: Capital, \$100,000; surplus and profits, \$101,289.53; due to depositors, banks and bankers, \$513,599.42; circulation, \$32,500. Total, \$737,388.95.

Bank Examiner Jobs last night said: "While I do not know exactly what the outcome of the matter may be, still I think I am justified in saying that the depositors will not suffer seriously. Yet, when a thing like this occurs, it lops off 25 per cent of the assets of the bank at one blow."

Young Cross was 39 years of age and had worked in the bank which his father helped organize since boyhood. Thirteen years ago he became interested in stock raising and in 1892 began the importation of fine Hereford cattle for which his farm is known all over the country. Sunny slope farm was one of the best stocked anywhere and it was Cross' ambition to make it the leading farm of its kind in the United States. He had but recently advertised a sale of fine stock, the money from which, it is said, he intended to turn into the bank.

Closed by Bank Commissioner.

Toledo, Nov. 17.—As a result of the failure of the First National bank at Emporia, State Bank Commissioner Breidenthal has directed the State bank at Madison, Kan., to suspend business. According to its last report the Madison bank had \$39,000 in the First National at Emporia. It is not thought that any other banks will be involved.

Favor McCleary's Bill.

Henry C. Payne and H. H. Hanna Hold a Conference.

Milwaukee, Nov. 17.—The advisability of an extra session of congress next March for the purpose of considering, among other questions, what is known as the McCleary bill, a monetary measure was discussed yesterday at a conference between Henry C. Payne, national Republican committeeman from Wisconsin, and H. H. Hanna of Indianapolis, chairman of the National Sound Money league. In regard to the matter Mr. Payne said: "Mr. Hanna came here to consult with me on the line of action to be taken in the movement to bring about the passage of a bill for currency reform. There is no doubt that steps will be taken to bring about currency reform and it is expected that a special session of congress, to open on March 4 next, will be held. The currency bill will be included in the roll in all probability. The plan is to take up what is known as the McCleary bill."

Friend of Dreyfus.

Paris, Nov. 17.—A commissary of police yesterday notified M. Francis de Prossence, the well known writer, political economist and Dreyfus agitator, of his formal expulsion from the Legion of Honor. This is a sequel to M. de Prossence's denunciation of certain officers for their treatment of Dreyfus.

Christian Temperance Union

Affecting Scene When Mrs. Carse Read a Report of the W. T. P. A. St. Paul, Nov. 17.—The closing day of the 25th annual convention of the Woman's Christian Temperance union of the United States was very full of business, many delayed superintendent's reports being heard.

Mrs. Matilda Carse of Illinois, who for 19 years has been president of the Women's Temperance Public association, read her last report from that affiliated organization and then, laying aside her report, delivered a beautiful and touching farewell address to those with whom she has been so long associated. She clasped hands with Mrs. Stevens and Miss Gordon, beside Miss Willard's vacant chair, and, as they stood with tearful eyes and lips smiling their happiness over the peaceful ending of the one bitter fight of the convention, the photographer, who had just come in to take a picture of the general officers, caught the group on the camera. The convention adjourned last night.

Raising Funds.

Democratic National Committee's Plan For Securing Campaign Money.

Cincinnati, Nov. 17.—W. H. Harvey, author of Coin's Financial school, delivered an address here last night under the auspices of the Ohio Valley bimetallic league. The object of his address was to explain the plan recently devised by the Democratic national committee for collecting money to be used for defraying the expenses of the next presidential campaign. The scheme is that those who are in favor of a bimetallic system of money for the United States sign promissory notes in which they agree to pay \$1 per month to the ways and means committee until Oct. 1, 1900. This money can only be disbursed by the direction of James K. Jones, William J. Stone, John P. Altgeld, William V. Allen and Henry M. Teller. A large and enthusiastic audience greeted Mr. Harvey.

He is charged with appropriating \$2,800 belonging to the heirs of the late J. T. Gordon and also with using \$350 which Sinclair Tumbelson of Centralia had deposited in his hands. The indictments for forgery charge him with forging the names of J. M. Stewart and W. M. Maddux to a note of \$1,100 and the signatures of Edward Malinda and Frank H. Kahlert to a note for \$300.

Bedford Sheriff Secretly Removes Murderer Flora For Safe Keeping. Bedford, Ind., Nov. 17.—The authorities removed John Flora, the murderer of Barton at Mitchell, to some unknown place for safe keeping; outside indications, together with word received from Mitchell, pointing to a lynching of Flora by the friends of Barton. His removal was not known until late yesterday. It is supposed that he was taken to Jeffersonville. Benton Jones, whom Flora intended to kill, was here and he seemed to fear the position in which he had been placed, and to apprehend violence at the hands of Flora's friends. There is danger

WEEKLY.

One Year in Advance.....	\$1.00
--------------------------	--------

Entered at the Seymour, Indiana, Postoffice as Second-class Matter.

THURSDAY, NOVEMBER 17 1898.

GOVERNOR TANNER, of Illinois, is coming in for his full share of notoriety.

THE Brownstown Banner says the recent election "is not discouraging to the democrats," but remarks that the "Brownstown ring is busted."

Now is the time to push your business for the fall and winter trade. Let the people know what you have. Advertise.

One of the important questions that will be brought before the legislature when it convenes is that which concerns education in the state. Two years ago the same question received much attention and some needed laws would have been enacted had it not been for the selfish persistence of some men who seemed more anxious for legislation in the interest of the state university and the state normal than for that which would benefit education generally in the state. The people will expect the legislature to respect all the educational interest in the state in what they do. None should be discriminated against. Mr. Jones, who succeeds Mr. Geeting, as superintendent of public instruction is a young man of ability from whom the people have a right to expect much. We believe he is a man of too much breadth to be interested in only a part of the educational affairs in the state. He will want all to prosper and none discriminated against.

POLITICAL BREVITIES.

F. A. Cotton will be retained as Deputy Superintendent of Public Instruction by Prof. F. L. Jones.

George H. Batchelor, son of Judge T. C. Batchelor, of Vernon, has been selected as chief deputy to R. A. Brown, clerk of the supreme court. Good selection.

1899 Columbia Calendar.

The Pope Mfg. Co., of Hartford Conn., has issued the Columbia Desktop Calendar for 1899. This handy reminder has been for years one of the most pleasing of special advertising features. We note that the new calendar is very similar in design and make-up to the 1898 calendar, although it has more artistic covers and is more profusely illustrated.

Any person may obtain a copy by applying to the nearest Columbia dealer or by sending five 2-cent stamps to the Calendar Department, Pope Mfg. Co., Hartford, Conn.

THE DREADED CONSUMPTION

F. A. Slocum, M. C., the Great Chemist and Scientist, Will Send Free, to the Afflicted, Three B. titles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the offer of T. A. Slocum, M. C., 183 Pearl St., New York City.

Confident that he has discovered an absolute cure for consumption and all pulmonary complaints, and to make its great merits known, he will send, free, three bottles of medicine, to any reader of the SEYMOUR REPUBLICAN who is suffering from chest, bronchial, throat and lung troubles or consumption.

Already this "new scientific course of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure.

Offered freely, is enough to commend it, and more so is the perfect confidence of the great chemist making the proposition.

He has proved the dreaded consumption to be a curable disease beyond any doubt.

There will be no mistake in sending—the mistake will be in overlooking the generous invitation. He has on file in his American and European laboratories testimonials of experience from those cured, in all parts of the world.

Don't delay until it is too late. Address T. A. Slocum, M. C., 98 Pine Street, New York, and when writing the Doctor, please give express and post-office address, and mention reading this article in the SEYMOUR REPUBLICAN.

Where Will The Herald Appear?
What a liar the Daily Herald is! It states it as a fact that the negro that was whipped at Seymour was taken out and whipped by republicans because he was a democrat, and that in the county that gave Griffith some 1,500 democratic majority. An approved rendering of a familiar passage of scripture would read: "If the righteous scarcely be saved where will the Herald, the liar, appear?"—Columbus Republican.

HAVE YOU GOT TROUBLE OF YOUR OWN?
If Not, Listen to Others' Troubles—If You Have, See if Your Trouble Is Like Other People's Troubles.
There are some kinds of trouble that are unavoidable. Then again there is trouble that is easily avoided if you know how to do it. Here is a true statement of Mrs. M. Langton of 3021 Hanna St., Logansport, Ind., telling of her trouble and how she got entirely over it. She says: "I am well aware every one has trouble without listening to mine, but I hope by telling mine I shall instruct others how to avoid theirs.
For ten years at least I have had more trouble with my kidneys, and back than can well be expressed on paper. It began with "Kidney Backache." I paid little attention to it at first but I see now where I made the mistake. The trouble increased and urinary disturbances followed. The urine was excessive in quantity, highly colored, of a strong odor and contained so much uric acid as to cause a burning sensation. In its passage, then I had sharp shooting pains and swelling of the limbs which became very painful. For the past five or six years several doctors have treated me for my trouble without arresting the progress of the disease. They knew what the trouble was and pronounced it kidney complaint. One doctor said he could do nothing for me and advised me to make my "will." When I arrived at this stage I became anxious to try any and everything. Some time ago I read about and tried Morrow's Kidney-Oids. The recommendations were so high that I procured and used them strictly according to directions. After the first box was used I grew less nervous, and I rested well at night, which is something I had not experienced for months. I am now on the third box, and the help has been so great that I am glad to continue using them, believing that I have found a genuine cure. With all indications I shall soon be well. I desire all my friends to write to me and learn more about the wonderful remedy, Morrow's Kidney-Oids.
This statement is convincing enough for the worst skeptic in Seymour. Write to Mrs. Langton and see for yourself. Kidney-Oids are yellow tablets (not pills) and are sold by all first class druggists and at Alpha Cox's Drug Store at 50 cents a box. Accept no remedy "just as good" for there is none. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

Blood Ran Like Water.
The Jews of old believed the blood was the life of the body and they were right. When the blood is poor, thin, watery, disease stakes a claim on the body. You know it because it becomes pale, thin, weak, nervous, run down. You can't eat, can't work, can't sleep, feel very "blue;" have headaches or fainting and dizzy spells. Such blood is easily poisoned and it tells in pimples, blotches, sores, etc. The supreme remedy for all such troubles is Electric Bitters which make pure, rich life giving blood. It acts directly on stomach, liver, kidneys and bowels and builds up the whole system. Only 50 cents at Wm. F. Peter's Drug Store.
Cheap Trips to the Northwest, West and Southwest.

Richardson, district passenger agent of the Pennsylvania Lines, Indianapolis. He represents the short lines to Chicago, St. Louis, Louisville and Cincinnati, the gateways to the Northwest, West and Southwest. Tell Mr. Richardson where you wish to go and he will cheerfully furnish full information about special low fares and quick through time.

FREDDIE OLAND,
Parish Complexion.
It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow, parsnip-colored complexion indicates it.
A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.
When these symptoms are present no time should be lost in removing the cause.
Delay may lead to gravel, catarrh of the bladder, inflammation causing stoppage, and sometimes requiring the drawing of the urine with instruments or may run into Bright's Disease, the most dangerous stage of kidney trouble.
Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.
However, if you prefer to first test its wonderful merits, mention the Seymour Republican and write to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle and book telling all about it, both sent absolutely free by mail.

Indianapolis, Nov. 17.—Rush White of this city agreed to give his property to his wife if she would marry him. She consented and they were married. White deeded the real estate to his wife under the contract, became insolvent, was sued by his creditors, who tried to set the deed aside as fraudulent. The terms of Farden and Barnett have about expired, and the company was desirous of prosecuting men in the state court for the theft of other money. The company believes the men still have some of the money.

Many mothers who have croupy children always keep this remedy on hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by C. W. Milhous.

"Finally tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using about twelve bottles I was cured sound and well." For sale by C. W. Milhous.
We give no rewards, an offer of this kind is the meanest of deceptions. Our plan is to give every one a chance to try the merit of Ely's Cream Balm—the original Balm for the cure of Catarrh, Hay Fever and Cold in the Head, by mailing for 10 cents a trial size to test its curative powers. We mail it the 50 cents size also and the druggist keeps it. Test it and you are sure to continue the treatment. Relief is immediate and a cure follows. Ely Brothers, 56 Warren Street, New York.
